

METAL MAGAZINE RACK

It is designed to optimize space utilization in work environments, providing an effective solution for managing printed documents. With its metal frame, this magazine rack combines aesthetics and functionality, helping to keep offices and common areas organized.

PRODUCT SPECIFICATIONS

Product Color: Black

Materials: Metal

Size: 35 or 60 cm

The choice of metal as the base material ensures not only durability but also wear resistance, allowing the magazine rack to maintain its integrity over the long term in a professional setting. This aspect is essential in high-traffic offices, where equipment must withstand constant use without compromising performance.
